Radio Technology Somfy® (RTS)

Situ@ 5 RTS
1800139

Sell your customers a lifestyle that provides the ultimate combination of luxury and performance with Radio Technology Somfy® (RTS). This exclusive control platform for interior window coverings and exterior solar protections brings creative solutions to life. Using radio technology to ensure a range of up to 65 feet, it allows users to conveniently operate their motorized product while in another room or virtually anywhere inside or outside the home.

RTS controls are available in a wide variety of options designed to work together so users can mix and match as desired. The selection includes hand-held remotes, wireless wall switches, table-top controls, timers, sensors and a smartphone/tablet app. Compatible interfaces are also available and allow for seamless integration with third-party home automation systems regardless of brand or technology.

Sensors

Sensors react to the amount of sunlight and/or temperature in a room to automatically open or close interior window coverings to maximize energy savings.
